SIR,

With reference to your letter No: G. 12842/P.&.S., dated the 17th ultimo, calling for a Report on the question of Insuring the Press buildings against fire, I have the honour to state that the Chief Engineer who was addressed in the matter, deputed the Executive Engineer, Water-Supply Division, Bangalore, to inspect the Press buildings and submit a Report. The Executive Engineer accordingly inspected the buildings and had an estimate prepared for installing Langbridge's Fire Extinguishers in the Press buildings at a cost of Rs 1,440/- and submitted it to the Chief Engineer for sanction. But the estimate was returned by the Chief Engineer for reducing the cost by half by limiting the number of extinguishers to about 12, which he considers to be ample safeguard. This has since been done by the Executive Engineer and the estimate is pending sanction of the Chief Engineer. I, however, find that merely installing a set of fire extinguishers will not ensure adequate safety and have therefore requested the Executive Engineer to communicate with some Fire Insurance Company and ascertain the terms on which they will insure the entire Press Buildings.

As soon as I hear from the Chief Engineer in the matter, I shall submit my final report.

I have the honour to be,
Sir,

REPORT OF THE DIRECTORS

OF

The Liverpool & London & Globe Insurance Company Limited,

TO THE

NINETY-THIRD ANNUAL GENERAL MEETING of the MEMBERS

To be held pursuant to the Articles of Association of the Company

On TUESDAY, the 14th day of MAY, 1929,

IN THE

Company's Board Room at No. 1, Dale Street, Liverpool.

THE DIRECTORS beg to submit to the Members their Report upon the transactions of the Company during the year 1928.

FIRE DEPARTMENT.

The Premium Income for the year, after deducting the sums for re-insuring surplus risks, amounts to **£4,698,099.** The net Losses, inclusive of full provision for all claims that had arisen before the close of the year, amount to **£2,211,264** (**47.07** per cent.). The Account, after providing for Expenses, shows a surplus of **£314,259,** of which **£19,411** has been added to the Reserve for Unexpired Risks.

The Balance of **£294,848** has been carried to Profit and Loss Account.

A sum of **£150,000** has been transferred from Profit and Loss Account, thereby increasing the Additional Reserve in this Department from **£2,600,000** to **£2,750,000.**

LIFE DEPARTMENT.

During the year the Company has received :—

3,730	proposals to assure the sum of ..	**£2,089,698**
3,379	policies were issued for	**£1,807,946**
	of which **£103,375** was re-assured.	
351	proposals were declined or not completed for	**£281,752**

The Premiums on New Assurances during the year amount to **£214,310** or, after deducting the premiums on sums re-assured, **£203,414**—whereof **£148,178** represented single payments, and **£55,236** annual premiums. The Total Premium Income, after deducting the amount paid for re-assurances, amounted to **£838,570.** The net Claims paid and outstanding (including Bonuses) amounted to **£430,506,** of which the sum of **£125,600** was in respect of Endowment Assurances matured. Thirty-two Annuity Bonds have been issued for a consideration of **£16,002,** these Bonds granting Annuities amounting to **£1,641.** One hundred and one Annuities, amounting to **£5,462,** have terminated in consequence of the deaths of the Annuitants.

The Quinquennial Valuation of the Company's Life Business took place as at the 31st December last, and it gives the Directors great pleasure to have to report the results.

The basis of the Valuation for Life Assurances is the British Offices' Life Table O^{m} for Endowment Assurances and Policies in other classes that have been less than five years in force, and the $O^{m(5)}$ Table in all other cases, the rate of Interest employed being $2\frac{3}{4}$ per cent. throughout, credit only being taken for the O^{m} 3 per cent. net Premiums in order to preserve an ample margin for loading.

The Reserves for the Annuity Business have been strengthened and the Valuation made on the new a(f) and a(m) Tables issued by the Institute of Actuaries, which are based on the mortality of Life Annuitants in British Offices for the years 1900 to 1920. The rate of interest assumed was 3%.

After strengthening the Reserves the Directors are enabled to declare an **increased Reversionary Bonus of £2 2/–% on Whole Life Policies and £2% on Endowment Assurances** on all Policies entitled to participate. When the above result is read in conjunction with the fact that for 50 years, including the War and post-War periods, our Bonus was maintained without a break at 35/–% per annum, we feel sure it will give our Policyholders the greatest satisfaction.

The Directors have also been able to provide that Policies in the Participating Class, having been in force for at least five complete years and becoming claims by death, or maturing as Endowment Assurances before the end of the current Quinquennium, **shall be entitled to an intermediate Bonus at the rate of £2 5/–% per annum in the case of Whole Life Policies and £2 3/–% in the case of Endowment Assurances,** on the original Sum Assured for each full year's premium paid since their inception for Policies effected in 1928, and for older Policies since the last Division of Profits.

The "Globe" business has been valued as provided for by the "Liverpool and London and Globe" Amalgamation Act of 1864.

The result of the Valuation, after allocating the large Bonus before-mentioned to the Policyholders, shows a Surplus of **£593,531,** including former accumulations. Of this amount, there is left **£485,038** as Surplus in the Life Funds, including a Surplus in the "Globe" Life Funds of **£1,879,** and the balance of **£108,493** is carried to the Members' Life Profits Account for distribution during the current Quinquennium.

The Life Funds now amount to **£8,023,439** and the Annuity Fund to **£597,241.**

LEASEHOLD REDEMPTION ASSURANCE.

The Premium Income for the year is **£8,453**, and the Fund at the end of the year amounts to **£81,162.**

MARINE DEPARTMENT.

The Premium Income for the year, after deducting Returns, Re-insurances and Agency Charges, amounts to **£411,072.** The net Claims paid and outstanding, inclusive of full provision for those that had arisen up to the close of the year, amount to **£324,920.** The Account, after providing for Expenses and allowing for the greater Reserve necessary for Unexpired Risks, shows a surplus of **£25,117,** which has been carried to Profit and Loss Account.

ACCIDENT DEPARTMENT.

PERSONAL ACCIDENT ACCOUNT.

The Premium Income for the year, after deducting the sums for re-insuring surplus risks, amounts to **£259,408.** The net Claims, inclusive of full provision for those that had arisen up to the close of the year, amount to **£133,480** (**51.46** per cent.). The Account, after providing for Expenses and including Interest, shows a surplus of **£8,918,** of which **£2,531** has been left in the Account to strengthen the Reserve for Unexpired Risks and the balance of **£6,387** has been carried to Profit and Loss Account.

EMPLOYERS' LIABILITY ACCOUNT.

The Premium Income for the year, after deducting the sums for re-insuring surplus risks, amounts to **£173,560.** The net Claims, inclusive of full provision for those that had arisen before the close of the year, amount to **£97,935** (**56.43** per cent.). The Account, after providing for Expenses and including Interest, shows a surplus of **£16,287,** of which **£1,477** has been left in the Account to strengthen the Reserve for Unexpired Risks, and the balance of **£14,810** has been carried to Profit and Loss Account.

MISCELLANEOUS INSURANCE ACCOUNT.

The Premium Income for the year, after deducting the sums for re-insuring surplus risks, amounts to **£5,429,021.** The net Claims, inclusive of full provision for those that had arisen before the close of the year, amount to **£3,230,328** (**59.50** per cent.). The Account, after providing for Expenses and allowing for the smaller Reserve necessary for Unexpired Risks, shows a surplus of **£247,769,** which has been carried to Profit and Loss Account.

A sum of **£250,000** has been transferred from Profit and Loss Account, thereby increasing the Additional Reserve in this Account from **£890,000** to **£1,140,000.**

PROFIT AND LOSS ACCOUNT AND DIVIDEND.

AUDITORS' REPORT

TO THE

MEMBERS

OF

The Liverpool & London & Globe Insurance Company Limited.

In accordance with Section 113 of the Companies (Consolidation) Act, 1908, we beg to report that we have audited the Balance Sheet of the Company as at 31st December, 1928, and have obtained all the information and explanations we have required. In our opinion such Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Company's affairs according to the best of our information and the explanations given to us, and as shown by the Books of the Company. During the past year we have made a continuous audit of the Books of the Company kept at the Head Office in Liverpool. We have had produced to us the Securities representing the Investments appearing upon the Liverpool Books and also upon those of the Home Branches; the Securities for the Investments appearing upon the Books of the other Branches are satisfactorily certified.

The Balance Sheet of the Company includes the figures relating to other Insurance Companies owned and controlled by your Company as at 31st December last.

Sir,

re. Mysore Government Press.

We are informed by Mr. G.V. Scovell, our Agent in Bangalore, that it is the intention of your Government to insure the building and/or the contents of the above named Press, and our Representative has proceeded to Bangalore, so that we may be in a position to offer the maximum assistance and service.

We understand that the Press is of massive construction throughout, and we propose to request the Madras Fire Insurance Association to authorise a special rating immediately our Representative can furnish us with the requisite data.

As you will be aware, all the leading Companies -

most

most of which have been transacting business in India for many years - are Members of Tariff Associations, which discourage concerns which are not of sound financial standing and speculative competitive methods which must, eventually, penalise the Insured. You may, therefore, be assured that the rate which we shall quote, as soon as possible, will represent the minimum commensurate with security.

We would invite your attention to the fact that this Company is in the position to offer a security of over £24,000,000 sterling .

Placing our services at your command,

We are, Sir,
Your obedient servants,

Mirza Ismail Ul-Mulk, Esq., C.I.E., O.B.E.,
Dewan of Mysore,
Bangalore.

Sir,

re. Mysore Government Press.

We were recently informed by our Agent in Bangalore, Mr. G.V. Scovell, that it is the intention of your Government to insure the building and/or the contents of the above. Our Representative immediately proceeded to Bangalore inorder, as we stated in our letter of 19th instant, to offer the maximum assistance and service.

The standard rate for the Mysore Press, in accordance with the Tariff of the Madras Fire Insurance Association - to which all the leading Companies operating in this area subscribe - is 10 (ten) annas per cent.

In view, however, of the very favourable Report

submitted

submitted by our Representative, who inspected the Press, we requested the Fire Insurance Association to authorize a special rate, and we are very pleased to state that eight annas per cent, has been fixed as the rate for the building and/or the contents, subject to a further discount as mentioned subsequently. The aforementioned rate, fixed by an Association of all the leading Companies, represents the minimum commensurate with unsurpassed service and a security which exceeds £24,000,000 sterling.

We invite your attention to the enclosed copy of our Report and Balance Sheet with confidence and would add that, as we have an Agent in Bangalore and as claims settlements would be made from this Office, we can offer the maximum service.

The aforementioned rate of eight annas per cent would be subject to a discount of 2½%, in the event of a system of Water Buckets and Chemical Extincteurs being installed.

As the premises comprising the Press communicate freely, the one rate is applicable; but, in the event of some minor structional alterations being made, it would be possible ~~to~~ substantially to reduce the rate, as regards the portions occupied as Stationery Stores, Offices etc.

We shall be pleased to send our Representative to

discuss

discuss this matter with you, should you so desire, and we trust that our quotation will merit your approval.

We are, Sir,
Your obedient servants,

Dear Mr. Deva Rao,

With reference to your D. O. No: G. 8740/P.&.S., dated 27th instant, regarding the insurance of Press buildings, may I inform you that the file was unofficially referred to me through the Chief Engineer for opinion and I resubmitted the file to the Chief Engineer with my opinion on 30th October 1929. I have not heard from the Chief Engineer as to what has happened since, but from the correspondence addressed to me by the Executive Engineer, Bangalore Division, I gather that, in accordance with my opinion, the paper contents of the Press, the Stationery Depôt and also the portion of the Press building in which these articles are stored are only to be insured. I have furnished the ~~Exe~~ Executive Engineer the approximate cost of insuring these items in my letter dated 20th instant in response to his letter No: 1907, dated 6th instant. It seems therefore that action is being taken in the Engineering department. The Chief Engineer may be kindly addressed

Subject:- Insuring the Government Press Buildings at Bangalore against fire.

Sir,

With reference to your letter No.G.9108/P. & S.40-29 dated the 1st February 1930, requesting to be informed of the progress made regarding the above subject, I have the honour to state that it was at first proposed that the Press Building together with its contents, viz., machinery, printed stock and furniture, etc., costing Rs.8,50,000/-, should be insured against fire. But, the Superintendent, Government Printing Press was of opinion that it would be sufficient if only the proper contents of the Press and the stationery Depôt are insured, in which case, the premium required to be paid would be less. As it is considered necessary to insure also the portion of the Press Building in which these articles of stationery are stored, the Executive Engineer, Bangalore Division, was asked to inspect the portion of the Press Building referred to and submit a valuation statement thereof which was received on 6th February 1930. Further necessary actio is now being taken in the matter.

I have the honour to be,

Sir,

Your most obedient servant,

J. Bhore
